- 2nd Period: Algebra 1
- 3rd Period: Planning
- 4th Period: Gifted Algebra 2
- 5th Period: Algebra 1
- 6th Period: Gifted Algebra 2

Hello,

My name is Shawn White! I am a twenty-four-year veteran mathematics teacher that began my teaching career at Bryan County High School in 1997. I decided to move closer to home, continuing my career at Bleckley County High School until 2014. I currently teach at my alma mater, Dodge County High School, where I teach Algebra I and Gifted Algebra II.

I am one of the advisors of Student Council, Math, and BETA Club! I encourage you to get involved in extra curriculum activities and sports. I enjoy spending free time watching sports on television, listening to music, and being outdoors.

I look forward to teaching you math this year and can't wait to learn more about you. I love to teach, and I love math! I am married to Jennifer White, who teaches at South Dodge Elementary School. I have one daughter, Logan White, who is a senior at DCBS.

My Family!

*No, I'm not a superhero,
I'm something even
more powerful...*

**I AM A
TEACHER**

*I don't need a cape,
because I'm lifted up by
the amazing & inspiring
kids I teach.*
